

Why I love Southern Pines #437

-Chris Smithson, Southern Pines native, resident, and Councilmember

Every day after work, I turn down Bennett St. then make a left turn into the drive-through mail drop-off area behind the post office. Normally, there will be cars on Bennett stacking up at the light at Penn. Ave. Almost 100% of the time, some nice person coming in the opposite direction will wave me through so I can make my turn.

Southern Pines is a great place to live and it's not just because we have a pretty town. Southern Pines is about the people too.
